Dear fellow members — First-class postage will soon go from 22¢ per ounce to 25¢ per ounce. Most of us realize that postage is a necessary part of the cost of doing business but there are ways that some of this cost can be reduced. Among them are: keep your secretary informed of your current address. If you move, please let her know. Forms for this purpose are available, at no cost, from your local post office. By doing this TNA does not have to pay for the **TNA NEWS** being returned to the printer; ad copy, articles for publication in the **TNA NEWS**, club meeting reports and anything of that nature which is directly related to the **TNA NEWS** should go to the editor, not to the secretary; all material relating to address changes, dues and membership applications, etc. should be sent to your secretary. Not only will this expedite the handling of these different matters but it will save postage. TNA spends a lot of money each year on postage. Let's see what each of us can do to reduce this expenditure.

The Col. Raymond Darrah Award, given annually to honor an outstanding numismatist who lived in Fort Worth, is the brain child of former District 1 Governor Morris Johnson. The award is made to that TNA member club which has the largest percentage of its members

as TNA members. The whole idea of this award was to increase TNA membership. Usually we have only four or five clubs who compete for this award. Club officers and district governors should do everything they can do to invite non-members into TNA membership. In many instances simply asking a person to join suffices. The advantages of TNA membership are listed on each membership application. If applications are needed simply contact your secretary for a supply.

I am greatly saddened to report that Freeman L. Craig Sr. of San Antonio, passed away on March 4. Freeman, one of this nation's outstanding numismatists, joined TNA during its infancy, in 1960, and over the years had served as treasurer and was currently our parliamentarian. Freeman has, over the years, been a close personal friend of mine and of many others. I know that all of you who knew Freeman will miss him and extend deep sympathy to the Craig family.

I mentioned in my last message that Lucretia Johnson, the widow of former TNA member, George Johnson, wished to donate his numismatic library to TNA. Lucretia called me recently to tell me that she has sent the material to our librarian in Abilene. Thank you Lucretia, for your generosity.

See you next month

## TWO GARLAND BANKS ISSUE NATIONAL NOTES

Frank Clark  
Carrollton, Texas

Garland, Texas is a suburb of Dallas that is located in the northeast corner of Dallas County. Today it is the second largest city, behind Dallas, in the county.

There were two national banks chartered in Garland that issued national bank notes. There was also another national bank in town that elected not to issue notes and a state bank. This article is about the national banks that did issue notes.

The Citizen's National Bank was chartered in February 1904 with charter number 7140 and capital of \$50,000. CNB's motto was "Confidence Never Betrayed." This bank issued \$5, \$10 and \$20 Third Charter Red Seals; \$5, \$10 and \$20 Third Charter Date Back Blue Seals and \$5, \$10 and \$20 Plain Back Blue Seals. On June 16, 1919 the bank changed its title to The First National Bank of Garland. The bank voluntarily liquidated itself on January 20, 1931 and it was absorbed by The State National Bank of Garland. The First National Bank issued \$5, \$10 and \$20 Third Charter Plain Back Blue Seals and \$5, \$10 and \$20 Series 1929 Type I small size national bank notes. The total amount issued for circulation was \$976,610. The amount outstanding at closing was \$8,310 in large size notes and \$35,200 in small size notes.

The National Bank of Garland was chartered in November 1905

with charter number 7989 and a capital of \$50,000. This bank issued \$5, \$10 and \$20 Third Charter Red Seals and the same denominations in Third Charter Date Blue Seals.

The bank changed its title to The State National Bank of Garland on January 23, 1913. Under this title the bank issued \$5, \$10 and \$20 Third Charter Date Back Blue Seals, in Plain Back Blue Seals; and Series 1929 Type I and Type II small size notes. This was the bank that absorbed The First National Bank. The total amount of circulation issued was \$2,016,690. The amount outstanding in July 1935, when the national bank note program was discontinued, was \$2,650 in large size notes and \$93,750 in small size. The bank still stands with the outside remaining unchanged, but it is now a sandwich shop.

One of the biggest stories ever reported in the "Garland News" was in the April 2, 1927 issue which reported the bank robbery of The First National on April 1 (April Fool's Day).

A lone bandit walked into the bank which was on the northeast corner of the town square. He jammed a gun into cashier W. C. Jamison's ribs and demanded all of the money. Jamison handed over almost \$5,000. The robber only wanted notes and did not want

silver coin

The robber locked Jamison, Mrs. Oscar Morrison and another man in the vault. The bandit then left the bank, got into his car and drove west out of town. J. L. Ford showed up at the bank a little later but did not find anybody, so he notified the police.

The robber overturned his vehicle during his getaway, he was arrested, tried, convicted and sentenced to life. He did not serve a full sentence. His name was R. R. Carter.

It was also reported that since it was April 1, several people earlier had walked into the bank and had said, "This is a bank robbery!" and

the bank officers had always taken it for an April Fool's Day joke, until it actually happened.

The bank president, L. L. Caldwell, was at home eating lunch during the robbery and was notified over the phone. He, too, thought it was another April Fool's Day joke and finished his lunch, not thinking twice about it. He arrived later at the bank and found out it was no joke!

**n.** an exaggerated fear of buying through mail order advertising

If you've got it, you're not alone. Mailorderphobia — the fear of buying "sight unseen" through mail order ads — affects thousands of collectors who once used the mails with confidence.

It's an unfortunate fact of life that "fast buck artists" have infiltrated the hobby. But you won't find them in NUMISMATIC NEWS. Because we simply won't allow it.

All NUMISMATIC NEWS advertisers pass a strict screening policy before they utilize our pages. To further protect the interests of our valued subscribers, we conduct an ongoing, intensive "blind testing" program insuring that advertisers deliver what's promised.

By spending thousands of dollars annually this way, we continually affirm the integrity of our advertisers, and recognize their sound business practices with our seal of approval — the Krause Publications Customer Service Award.

While the constant shadow of mailorderphobia may lurk over others in the hobby, the sun shines bright on NUMISMATIC NEWS subscribers. You can rely on us to provide an atmosphere that promotes a fair exchange in every transaction you make.

## from the 1st vice president

**Texas Numismatic Association, Inc.**

Gerald W. Kendall  
Box 55545, Houston, TX 77055

The year 1988 is well underway and the TNA convention is only a matter of days away. Nela Runkle, exhibits chairman, reports that we have over 30 exhibits at this point. This seems to be an increase over the previous several years and I hope that this is a trend being established. I am also told that we can expect five or six exhibits from juniors. GHCC was fortunate to enroll these young collectors and after that it was not difficult to get them to join TNA and some to join ANA. I am impressed with the quality of their exhibits which were presented for the first time at the GHCC Money Show.

Since the last TNA NEWS came out, we have had the sad news of two more albums closing for the last time among our ranks. We learned that Lee Grossman, TNA member and prolific writer for the NEWS, has died in San Antonio. Last week saw the passing of Charles Brundle, GHCC member and dealer for sever-

al years. This brings the total to four since this last December.

TNA will have an auction this year. GHCC member, Alan Stern, will conduct an auction. The time is short and by the time this reaches us, it will be too late to consign. However, we can all attend the auction and bid on the lots which are of interest to us.

Nela, who has been working with the new juniors, reports that there is an error in the new World Book Encyclopedia. It cites that Susan B. Anthony is the first woman to appear on a U.S. coin. If my memory is correct, she is simply the last. I am of the opinion that the first woman whose likeness appeared on an American coin was Isabella of Spain in 1893. This does not take into consideration that many of the designers used living women as models even though their exact features were not rendered ... Longacre, Morgan, St. Gaudens, McNeal.

## COMMEMORATIVE COINS

Since the days of the Greeks and the Romans, coins have served as a record of important events and persons. Modern nations, including our own, have continued this practice. United States commemorative coins were first minted in 1892 on the occasion of the Columbian exposition at Chicago. By 1947, silver commemorative half dollars totaled 47 types, many of which were minted in various years and at more than one mint. Eleven types of commemorative gold pieces were struck from 1903 to 1926. The Isabella quarter of 1893 and the Lafayette dollar of 1900 are included in the commemorative series.

Mexico's aluminum 1914 one-centavo pieces were ordered struck outside the country — Denver, Colo. — during the Revolution by the government of the State of Durango. Brass five-centavo pieces were also struck in Denver in 1914.

## from the TNA medals officer

**Frank Galindo**

P.O. Box 12217  
San Antonio, Texas 78212

I'm very glad to report that Heather Grubb, a junior TNA member, has completed four of the TNA Bronze Medal Project activities. She is now half-way through the Bronze Medal Project. Heather has really worked diligently to complete the activities which will make her eligible for a silver Texas Sesquicentennial 1986 Alamo medal. Juniors, if you haven't started on an activity, don't delay. Start now. You still have time to complete many of the activities and earn your bronze medals along with a numismatic incentive.

A strong supporter of the TNA Bronze Medal Project is TNA member and coin dealer, O.C. Muennink of Alamo Heights Coin Shop in San Antonio. O.C. recently responded to my request for some numismatic donations to be given as bonus gifts to the juniors, along with the TNA bronze medals they earn. I sincerely appreciate his generous donations and his willingness to support the program designed to involve our junior TNA members in numismatics.

Members, it's TNA convention time! Our TNA family will meet this month in Houston, Space City U.S.A., for our 30th convention. Have you made plans to attend? I

hope you did and that you'll stop by the medals table and visit for a while. I'll be looking for you. Come early and pick-up your 1988 medal sets and your bronze single medals. The 1988 medal sets are \$30.00 each plus \$2.25 each for postage and insurance. The bronze medals are \$2.50 each plus fifty cents each for postage and handling. Please make your checks or money orders payable to TNA. All checks must clear before the medals are mailed.

The 1988 TNA medal will be a very unique issue. It's the first time a space theme has appeared on TNA medals, and, too, it will feature our new TNA logo design for the first time. Because of the two new designs on this unique medal and the popularity of the Space Shuttle, you may want to buy several of the bronze medals to be used as gifts.

Our TNA conventions afford us an opportunity to conduct association business and to once again visit with old friends, meet new ones, and to enhance our numismatic collections. Don't miss this opportunity to participate in this year's convention at our host city, Houston. I hope our paths will cross there. See you in Houston.

## SOMETHING SPECIAL FOR TNA EXHIBITORS

Exhibitors striving for 1st place in exhibit competition at the Texas Numismatic Association convention in Houston will be pleased to learn of the special awards planned.

These distinctive 1st place awards are medals of two ounces of silver matching the 1988 regular issue TNA silver and bronze medals which this year features the new TNA logo and the Houston Space City theme, both designed by Frank Galindo of San Antonio. The 2 ounce medal is a first for a TNA convention, according to Nela Runkle, exhibit chairperson, and she promises that the second and third place awards will be as equally exciting and special.

If you have not made arrangements to enter an exhibit, contact Nela immediately at 1131 Ravenscourt Dr., Sugar Land, 77478 or call her at 713-491-3055. And hurry, the convention starts April 22!

## TNA HISTORICAL HIGHLIGHTS

The Texas Numismatic Association is celebrating its 27th anniversary this year—1987! We've come a long way since the 37 enthusiastic Texas numismatists gathered for the first meeting to the now nearly 1,400 paid up membership we are so proud of.

On January 10, 1960, the 37 Texas coin collectors met in Port Lavaca, Texas to organize the Texas Numismatic Association. This movement was spearheaded by the Corpus Christi Club after several years' groundwork done by many Texans scattered over the state.

The first draft of the Constitution and By-Laws, as prepared by the late Lamar Folda, was adopted. Joe B. Davis was named the first president, Carlton Brush, Vice President,

and Augusta Folda, secretary-treasurer.

Two organizational meetings were held in Austin, February 1960, with the Austin Coin Club as host, and in San Antonio, March 1960, as guests of the San Antonio Coin Club. At the March meeting the association culminated action to incorporate under the Texas laws and also became member #36980 of the American Numismatic Association. TNA is also #100 of Numismatics International.

The state is divided into 17 geographical districts and a governor is elected from each district who serves as a member of the governing board. Member clubs select a representative who, with the aid of the governor, serves as liaison between clubs, district and TNA.

# Going, Going, Sold! To... THE RARITIES GROUP.

As experienced buyers of U.S. coinage know, The Rarities Group, Inc. is the "One To Beat" on the auction circuit. But did you know that we actually buy far more coins privately or in dealer-to-dealer transactions than in auctions?

The fact of the matter is we pay consistent and fair prices for all your coins, i.e. we won't just cherry pick.

Currently, we are in need of quality U.S. rare coins whether they are raw (uncertified) or certified (PCGS or ANACS). For certified coins we pay competitive sight/unseen prices and will pay a premium for select quality.

So, if you're a dealer, collector or an attorney or banker handling an estate, do us both a favor - contact our office and ask to speak with Martin Paul or Stu Levine.

### ENCASED STAMPS

At the outbreak of the war between the states all of our fractional silver money disappeared. Postage stamps immediately found favor. Because of the sticky back, J. Gault patented a round metal frame with mica front and solid back in which a stamp of any denomination could be placed and a firm's advertisement on the reverse. This is a very interesting series to collect.

A program on "World War II Emergency Series Currency" was given by Frank Clark at the Garland Coin Club meeting. Frank told members that the notes were issued in Hawaii and North Africa. The Hawaii issues had brown seals and brown serial numbers while the North Africa issues had yellow seals and blue serial numbers.

**Paul Garner**  
Governor

The notes were first issued on June 8, 1942 in the Territory of Hawaii, and Midway, Johnston and Palmyra Islands as a precautionary measure in the event of a possible invasion by the Japanese. After August 15, 1942, no other U.S. currency could be held or used in the Territory or the islands without special license. The restriction was removed in 1944.

The North Africa issues were issued in 1942 at the request of the War Department for use in North Africa and Sicily. After the end of World War II, troops leaving Europe for the Pacific Theater were paid with these notes.

At the next meeting, Kurt McElaney was in charge of the program and he highlighted information taken from U.S. Mint Reports. Among the items was that the mint continued to strike 1964 dated silver coins through 1967 to ensure an adequate supply coinage as President Lyndon Johnson declared that silver coins would not disappear from circulation. He also noted that per the Report that it was against the law to borrow money on coins and that violation of this law could result in stiff penalties.

The coin quiz was given by Sid King who also conducted the auction.

It was suggested that the Beaumont and Port Arthur coin clubs combine forces for the next coin show to better utilize resources. The suggestion was met with a favorable response

## GUN METAL COINS

Gun metal coins were struck in Mexico in 1859 by order of the Conservative government. The liberal General Santos Degollado had recruited troops in Morelia with which he hoped to attack Mexico City. He made camp near Tacubaya on March 22, 1859 but he was attacked and beaten on April 11 by the conservative General Leonardo Marquez. Degollado lost all his artillery of 31 guns. There were many dead and he lost more than 200 prisoners. As there was a shortage of copper coins, the government ordered them to be made out of the metal of the 31 guns.
